

*MAKE US PART OF YOUR HOME*

## We're Family Owned & Operated For Over 35 Years

Save Energy Company was started by Mike and John Gorman in 1983. Their first office/warehouse was located in San Francisco. Mike's wife, Pat, joined the company in 1986. Mike transitioned into financial planning in 1999, leaving John and Pat to run the day-to-day operation. In 2003, the company moved to its current location on Petaluma Blvd, S. We're proud to have met the needs of Bay Area homeowners for over 35 years. We're also the only company to be Diamond Certified from the American Ratings Corporation for 17 consecutive years. (*For more, please visit our website, [www.SaveEnergyCo.com/AboutUs](http://www.SaveEnergyCo.com/AboutUs)*)

## A Family Business Run on Family Values

We believe the best way to take care of our customers is to first take care of our team members.

- All installation crew members are Save Energy Co. employees
  - They receive a benefits package that includes medical insurance, vacation days and retirement plan
  - Covered by a \$1,000,000 per home liability policy
  - Covered by current Workmen's Comp
  - Fully bonded
  - Fully insured.
- Crew members:
  - Participate in monthly project quality reviews
  - Attend available factory training sessions and receive appropriate certifications.

## What We Offer

There are three main categories of home improvement products we offer:

- New & Replacement windows, French doors and patio sliding doors
- Exterior Siding
- Entry doors.

**For Windows, we feature products manufactured by:**

- Simonton (Vacaville) • Milgard (Sacramento) • Marvin (Minnesota)
- Cascade (Sacramento) • TruFrame (Visalia)

**Our entry doors are from the Therma-tru line fabricated by OrePac (Sacramento)  
Exterior siding is manufactured by James Hardie (Reno).**

## Types of Projects

We are able to handle almost any type of new or replacement window, door and siding needs including:

- Single-family homes
- Multi-family homes
- Apartment buildings
- Mobile homes
- Vacation homes
- Rental properties

## How the Process Works

Our Save Energy Co home improvement specialist will listen to your needs, take some preliminary measurements (if appropriate), then write a detailed quote. We typically provide a written quote within 24 hours, though it may take 2 - 3 days depending on the products required or the complexity of the project in some cases.

Once you have accepted the quote:

- A Save Energy Co representative will make an appointment for the final measurement of your project and conduct the measure
- A project deposit will be made
- Required permits will be pulled
- Appointment is scheduled for installation
- Installation happens – this will take one to three days, depending on the size and complexity of the project
- Crew lead will inspect work to ensure quality
- Crew will clean up after themselves
- Crew lead will go over the installation checklist with you and provide you with all necessary paperwork
- Final payment will be due upon checklist sign-off.

## Financing Available

We offer traditional financing plans through Enerbank with very competitive rates and flexible plans including 12-month, same-as-cash. We also are aligned with plans that offer special financing for improving home energy efficiency provided by the State of California and PG&E. We also accept cash, checks and most credit cards.

# Warranty Coverage

Save Energy Co sells and installs all of its products, providing both company and manufacturer warranties.

## *Manufacturer Warranty*

All of our window, door and siding products are covered to the fullest extent of manufacturer warranties because we have factory-certified installers.

The warranty coverage details vary from manufacturer to manufacturer. We strongly suggest you read them carefully. We are always available to answer any questions you may have.

## *Save Energy Warranty*

We warranty the installation work completed by our craftsmen for the life of the product. If you believe there is an installation issue that is causing your product to not perform as expected or intended, give us a call and we'll do what we can to rectify the situation.
